

Dr. Liebig, celebrated chemist, calls beer "liquid bread." He's right, for good beer fulfils two bodily necessities—the human need for pure liquids and for pure food. Superior malt, imported Saazer Hops and infinite care in brewing and aging combine these qualities in an especially pleasing way.

## PROGRESSIVES REVOLT AGAINST MR. HUGHES

Moose Leaders Decline in Many  
States to Greet Republican  
Nominee.

CALIFORNIA AND NEW YORK  
SUSTAINED ELSEWHERE

Expressions From G. O. P. News-  
papers Show Unpopularity of  
Attempted Alliance.

From California to Maine the Progressives are now in open revolt against the domination of the Hughes presidential candidacy by reactionary Republicans. The break between the Progressives and Republicans which started in California has swept to the east and is now a menacing actuality which is confounding the Hughes campaign managers. Uprisings against the present campaign methods of the Old Guard Republican organization of alarming proportions have broken out in practically every western state visited by Mr. Hughes upon his present tour.

Within the past few weeks the split which had been developing in the east has become wide open in Pennsylvania, Delaware, and New York; and during the past few days Bainbridge Colby, of New York, one of the foremost Progressives of the nation, has been stumping the state of California with a stirring message to the Independents and Progressives of that state in support of President Wilson's re-election.

Colorado Progressives complain that they are being accorded the same kind of treatment which was meted out to Governor Johnson of California, to wit: that they were excluded from all official participation in the Hughes speechmaking tour of that state. Angered by the attitude of the stand-pat Republican machine, Governor Carlson, candidate for renomination as a Progressive-Republican, refused to attend the Hughes meeting in Denver.

Progressives Think for Themselves.

Commenting upon the treatment being accorded the Progressives by those in charge of Mr. Hughes' presidential candidacy, the Los Angeles Tribune sums up the situation in this fashion:

For some time it has seemed quite certain that our reactionary friends and brethren could not be happy with the Progressives either in or out of the Republican party. With the Progressives in the Republican party the reactionary element constitutes a decided minority and the Progressives are not tolerant of dictation by the old-time bosses. Citizens holding progressive ideals have acquired the habit of thinking for themselves and are not easily led, commanded, controlled, cajoled or fooled.

In Pennsylvania the open break was largely precipitated by an editorial in the Philadelphia Inquirer, a pronounced Hughes supporter, which charged the Progressive party of California with stealing the Republican party in 1912 and accusing Governor Johnson of now "posing as a Republican and as such allowed to contest for the senatorial nomination" in California. To this attack the Philadelphia North American (Progressive) retorted with an editorial unsparingly condemning Mr. Hughes' attitude toward Progressives and demanding that the Republican candidate tell the voters of the country what he means by his declaration that he is the spokesman of the national Republican party.

In Delaware a third ticket has been announced by anti-machine Republicans in opposition to Senator Depont, who is seeking renomination as the regular Re-

Blue Sky Law Prevents Sale of  
4 Million in Securities.

The pickings have been poor  
for the J. Wallingfords in Mis-  
souri since the Blue Sky Law  
went into effect. For example,  
J. T. Mitchell, state bank com-  
missioner, here today, said more  
than 4 million dollars of securi-  
ties had been refused sale in  
Missouri the last twelve months  
by the operation of the law.

"Our Missouri law is far from  
perfect yet," Commissioner Mit-  
chell said. "But it is protect-  
ing the Missouri investor pretty  
well at that. Of course, there is  
no way of telling how much of  
that paper could have been sold  
to unwary investors. But they  
didn't get a chance to buy this."  
Just as a prosperity item, Mr.

Mitchell remarked: "And our de-  
posits in state banks through-  
out Missouri have increased  
nearly 40 million dollars the  
past year, or about 10 per cent  
This does not take into consid-  
eration the national banks."—

## President Ripley states Santa Fe's position on eight-hour wage law and asks an important question.

The Atchison, Topeka and Santa Fe Railway  
Company.

Chicago, Ill., September 8, 1916.

To Santa Fe Employees and the Public:

This is the position of the Atchison, Topeka &  
Santa Fe Railway Company regarding the contro-  
versy with its train-service employees over their de-  
mand for increased compensation:

Congress, hastily acting under a threat of four  
leaders of labor organizations, enacted a so-called  
eight-hour law, which is nothing more nor less than  
an advance of twenty to twenty-five per cent in the  
wages of the best paid men in railway service.

It is only fair to our employees and the public to  
say that the Atchison, Topeka & Santa Fe Railway  
Company does not intend to comply with the law ex-  
cept as and when ordered to do so by the court of  
last resort.

The merits of the case have been fully explained  
in the last few months and need no further mention.

Should the courts finally decide that the increase  
must be paid, there will be an immediate demand  
from the remaining classes of labor, resulting in  
entire inability to pay without heavy increases in  
rates to be paid by the public—especially the farm-  
ing class.

IS THE PUBLIC PREPARED TO MEET THE  
DEMAND?

This notice is for the information of all concerned.

E. P. RIPLEY, President.

publican candidate.

Embarrassment in New York.

The situation in New York  
State is equally alarming to Mr.  
Hughes' campaign managers.  
There Governor Whitman, ig-  
noring the regular Republican  
organization, has opened up in-  
dependent campaign headquar-  
ters; and the primary fight for  
United States Senator between  
Wm. N. Calvin and Robert  
Bacon has further disrupted the  
party. Further embarrassment  
has been caused in New York  
State by the announcement of  
the New York Tribune, which  
boasts of its history of fifty  
years as a Republican journal,  
that it would bolt the renoma-  
ination of Governor Whit-  
man, who it will be recalled led  
the fight for Mr. Hughes' nmina-  
tion at Chicago and made the  
speech placing his name before  
the Republican Convention.

Commenting upon the situa-  
tion in New York state, the New  
York Herald, which is support-  
ing Hughes, announced that the  
Republican managers admitted  
that the Progressives were  
"slipping away" from Mr.  
Hughes.

A contrast to the Progressive  
revolt and factional strife within  
the Republican ranks is furnis-  
hed by the vigorous campaign  
which Bainbridge Colby is con-  
ducting in Maine in behalf of  
President Wilson as "one of the  
sincerest and soundest Progress-  
ives," and propounded this ques-  
tion to his audiences: "How can  
any true Progressive hesitate  
to support President Wilson for  
re-election in the face of this  
impressive and illustrious record  
of consistent devotion to the  
ideals of Progressives?"

How to Give Good Advice.

Are You Looking Old?

Old age comes quick enough  
without inviting it. Some look  
old at forty. That is because they  
neglect the liver and bowels.  
Keep your bowels regular and  
your liver healthy and you will  
not only feel younger but look  
younger. When troubled with  
constipation or biliousness take  
Chamberlain's Tablets. They are  
intended especially for these ail-  
ments and are excellent. Easy  
to take and most agreeable in  
effect. Obtainable everywhere.

This is a medicine that every

Colic and diarrhoea often come

greatest importance that they be  
treated promptly. Consider the  
suffering that must be endured  
until a physician arrives or med-  
icine can be obtained. Chamber-

Remedy has a reputation  
second to none for the quick re-  
lief which it affords. Obtainable
